 - Website

Important Instructions to the Students:

- Student must bring his/her entire project work on CD-ROM / Pen drive. The Project work should contain the necessary DLLs and / or required files/programme / software so that it can be easily transported and demonstrated on different computers without doing any extra modification / installation in existing software.
- Your project report must contain one certificate issued by the college. No project work will be accepted without certificate.
- Student will have to prepare bound copies (no Spiral binding) of their project report as under :
 1. One Original individual copy to be retained by the Student.
 2. One Copy to be submitted to the College.
- Students have to prepare PPT for their presentation at the time of examination.
